

The Pueblos at Alameda Ranch

April 4, 2021

Dear Residents,

A quick update on new construction starting in the next week or two in the Nambe Court area.

Construction of Building 2 which is located adjacent to the swimming pool is slated to start as soon as next week. Appearance wise it will be similar to Building 3, which is east of it, with added two story units.

The HOA will try to keep residents aware of planned events such as concrete pours and other activities which could be disruptive to current residents. The contractor is aware of the proximity to existing units and has assured the HOA his onsite Superintendent is experienced on this type of project.

Residents need to be extra vigilant as there will be additional traffic from workers' vehicles and deliveries by large trucks. The contractor is responsible for safety on the jobsite and residents should not enter the site while work is being performed.

Future updates will be emailed to Nambe Court residents as needed and major notices will go on the website.

Wendell Coffee
HOA Board President
